ART ON FABRIC

Tack för ett fantastiskt 2024 och välkomna till ett spännande 2025

Det är kul att se hur fler och fler under året upptäckt våra senaste tillskott av enfärgade 3-meterstyger. Teide, Fuji och Salla hänger nu i massor av offentliga miljöer runt om i Norden..

Vi fortsätter vår lyckade satsning på HARMONIOUS HUES och kommer under året att komplettera våra enfärgade tyger med fler harmonierande nyanser.

Vildtrippa av Hanna Werning kommer efter årsskiftet i ännu en färgställning som säkert kommer att locka fler att våga använda mönstrade gardiner i det offentliga rummet.

Under året har vi kunnat se en fantastisk utställning om textilkonstnären Göta Trädgårdh på Designarkivet i Nybro. I samband med detta kom det även ut en fin bok om henne, skriven av Anna Häggblom Stålhammar. Vandringsutställningen Mästare i Mönster fortsätter sin resa och visas i Ystad 19 oktober 2024 till 20 april 2025. Därefter kommer den till Kristinehamn, för att komma till Textilmuséet i Borås i oktober 2025. I samband med detta kommer även en bok om Sven Fristedt och hans verk.

Vi ser fram emot fler harmoniska inredningar 2025!
